In February Style Acre are opening T2. This will provide day support and opportunities to adults with mild and moderate learning disabilities including people with autism.

The new service will offer:

- Activities to develop people's skills both at home, within the community and within the work place.
- Leisure activities to help build friendships and explore different interests.
- Social enterprise activities to enable people to produce items to sell.
- Adult education activities to develop people's skills and interests.

Style Acre is an ASDAN accredited Centre and our ASDAN coordinator assists staff and service users in running courses.

The service will help advise people, and their carers about opportunities for leisure, development and work within their local community. We will help people explore opportunities and introduce people to activities they can do with minimal support.

People will be able to access T2 in 4 ways:

- [1] Support in groups in ratios of 1:6 or 1:3
- [2] 1:1 Support to develop work opportunities and specific skills within the community
- [3] Drop in to activities for a small entrance fee
- [4] Drop in for advice and signposting

T2 has its base off the Abingdon road in Didcot. The site is a shared venue with a Gym and a Health Claims company and as such has shared facilities.

People will be encouraged to walk or use public transport to access T2. Where people are unable to make their own way to the service we will arrange for support staff to pick people up.
